## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see page 7, filed 17 July 2008, with respect to claims 1, 4, 11 14 in regard to Wingard have been fully considered and are persuasive. The rejection under 35 USC§102(b) of claims 1, 4, 11 14 has been withdrawn.
2. Applicant's argument regarding US Pat. 6,511,690 were persuasive and the patent has been withdrawn as prior art and the rejection under 35 USC§103.
3. Applicant's arguments, filed 17 July 2008, with respect to claims 10-17 & 19-30 rejected under 35 USC§103 in view of Wingard in view of Seaman et al (US Pat. 5,225,230), and Muniyappa et al. have been fully considered, are not persuasive, and has been maintained.

### ***Claim Rejections - 35 USC § 103***

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 16-17, 19-30 rejected under 35 U.S.C. 103(a) as being obvious over Wingard in view of Seaman et al (US Pat. 5,225,230), and Muniyappa et al.

While applicant's argument regarding US'690 was convincing, the rejection supra was not based entirely on this patent. In fact, it was a secondary reference in the construction of the rejection with Wingard being the primary reference.

Applicant has not addressed the applicability of the remaining references as applied in the office action dated 16 April 2008. Therefore the rejection supra is maintained for the reasons of record.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
